

# ***Stainless Steel Turnplates*** ***For Hunter Alignment Lift-Racks***

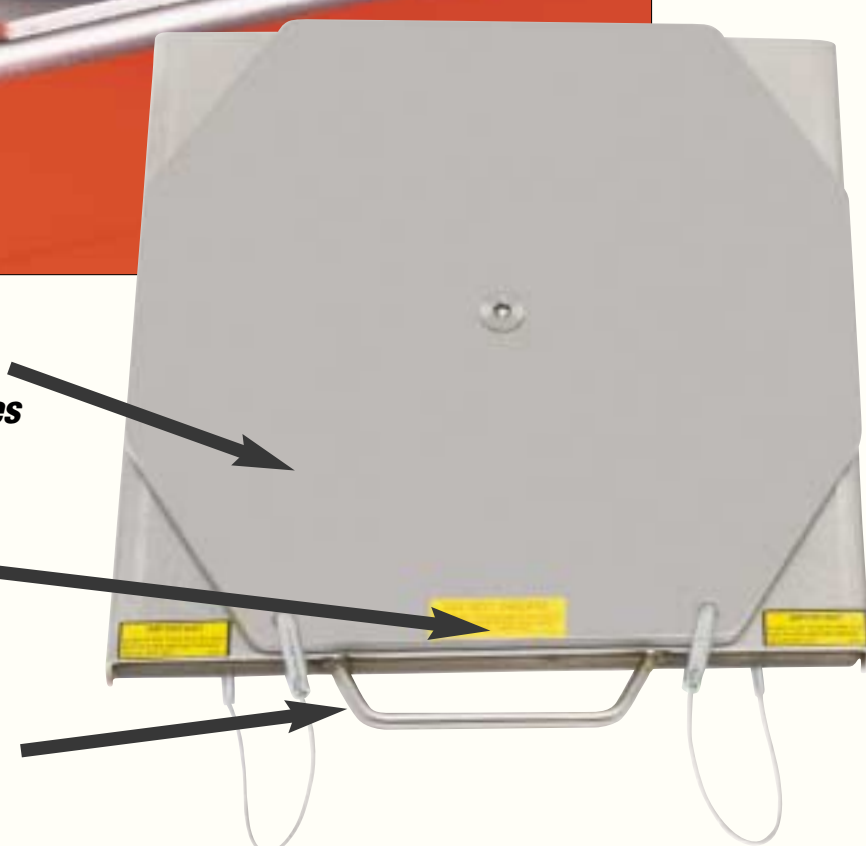

***Long Life, Corrosion-Resistant Turnplates are an Economical Upgrade Option for New Aligners and a Great Replacement Choice***

***Stainless steel resists corrosion and maintains free movement of turnplates during the alignment procedure.***

***No pointer... no more damage resulting from using the pointer as a handle or running it over.***

***Built-in handle helps prevent damage caused by accidental dropping.***

## ***To Order:***

- As upgrade on an aligner purchase (2 turnplates included), 20-1411-1
- For replacement (order individually, 2 required), 25-129-1
