Quick Check®
Customer Testimonials
Hunter Quick Tread® and Quick Check® are on the leading edge of inspection equipment. It is truly game changing technology that will serve to transform the industry as a whole.

Mark Kauffman
President, Kauffman Tire
With the addition of Quick Tread® and Quick Check® in our service drive we are now doing anywhere from 260 to 300 alignments per month. This has really helped the bottom line. We are seeing a monthly revenue of about $20,000.

Before the Quick Check® was installed, [we] checked ten vehicles per day. With the three Hunter Quick Check® systems in place, 1058 vehicles were tested in 13 days, 558 of which, failed. What an opportunity this has created for the Service Department!
